

## LETTER OF RECOMMENDATION FOR MS TAMARA KUZMENKO

To Whom It May Concern

I am pleased to vouch for Ms Tamara Kuzmenko's character. I have known her since the autumn 2010 and she has attended my courses in 2010 and in 2011. In addition, I have guided and tutored her studies as her mentor teacher. Tamara has had a hard-working and ambitious attitude throughout her studies.

During her studies at our school, she has learned to apply theories into practice and work in multi-cultural teams. She actively participated in student projects in the city of Mikkeli and internationally. Her studies have also included giving presentations and writing reports in English. She speaks and writes English fluently. I strongly recommend Tamara Kuzmenko. She is bright, hard-working and determined to succeed.
